

BATHROOM MIRROR

Item Name:	
Fixture Location:	
SKU#:	

FEATURES

- We cut the glass with extreme precision and create the mirror exactly in the size and shape you want
- Because of the much smaller enclosure, the “waste” of light is reduced to an absolute minimum
- Because our technology directs the light to where it needs to be, is brighter than similar mirrors
- Available in Cool and Warm Standard LED light options
- Provides a brighter, more effective, and more evenly lit across the lighted area
- IP44 rating, so they are safe to use everywhere in any bathroom
