Project		Date	
Notes			

Remodel Wall Wash Mini LED Multiple Downlight with 10 Lamps

Description

The Mini Multiple Downlight Series is equipped with 5, 10 and 15 lamps. The miniaturized design, die-cast aluminum body, and high-performance acrylic diffuser provide uniform scientific light output for maximum visual comfort. It can illuminate the whole wall without any shadow.

Miniaturized recessed rectangular luminaire with LEDs. Main body with die-cast aluminium radiant surface, version with perimeter surface frame. Asymmetrical optic system designed to achieve an effective wall washer distribution. Flux enhancer-superpure aluminium reflector - screen in PMMA with ribbed texture; a special film in acrylic material, combined with the screen, allow for a uniform and effective light emission on the wall. Black polycarbonate internal perimeter frame. Supplied with electronic control gear connected to the luminaire.

Features

- Revolutionary narrow recessed downlight available in slim trim or trimless.
- The simplified retrofit installation can be used in both new and existing spaces.
- Dimmable with a variety of commonly used drivers.
- Life Rated for 50,000 hours at 70% lumen maintenance.
- Easy installation for new construction and remodel applications.

Specification

- Luminaire efficacy: 60 to 80lm/W
